## Letter From Senior Leadership

Dear Prospective Fellow,

GSK has a rich history of collaboration with a variety of leading academic institutions through sponsorship of joint fellowship programs. We are proud to partner with Howard University to offer two-year fellowships that provide a unique opportunity to gain practical experience in academia, industry, and government to develop the skills, knowledge, and experience needed to pursue a rewarding career in the pharmaceutical industry.

At GSK, we unite science, technology, and talent to get ahead of disease together. We aim to positively impact the health of 2.5 billion people by the end of 2031. Our bold ambitions for patients are reflected in our commitments to growth and a step-change in performance. We are a company where outstanding people can thrive.

We want GSK to be an inclusive organization that attracts and retains outstanding talent, where everyone can feel a sense of belonging.

This Fellowship Program reflects our commitment to developing our early talent pipeline for our US Medical Affairs and Global Regulatory Affairs and Policy teams. Our goal is to develop pharmaceutical industry professionals to become successful leaders and innovators. We are committed to providing Fellows with leadership support, mentoring, and development opportunities to help ensure they grow and flourish in their careers.

We welcome your application to the Howard University-GSK Pharmaceutical Industry Fellowship Program and wish you success in this exciting opportunity!

**Erin Huffman**  
Senior VP,  
US Medical Affairs

**Jonathan LaCalamita**  
VP and Head, US Regulatory Affairs  
& Advertising and Promotion

# A Word From Our Alumni & Second-Year Fellows

**Hadijat Bhadmus**  
PharmD, RPh, MBA, LPN  
*2nd Year US Medical Affairs Fellow*

“Participating in the GSK/Howard University Fellowship program has been an incredibly enriching and privileged experience for me, both personally and professionally. The support and guidance my preceptor and mentors provided in this program have been invaluable, allowing me to tap into a wealth of knowledge and experience that has truly broadened my perspective as a professional.

My most cherished aspect of this fellowship is the unwavering commitment to keep patients at the center of everything we do. This focus has not only deepened my understanding of patient care but has bolstered me in my personal mission to meaningfully contribute to impacting lives far beyond my own reach. At GSK, I’ve been able to collaborate with like-minded individuals who are equally passionate about creating opportunities and improving the quality of life for patients globally. This program has empowered me to be a part of something bigger than myself, and for that, I am truly grateful.”

**Rita Ogbonna**  
PharmD, RPh  
*2nd Year US Medical Affairs Fellow*

“I chose the Howard University/GSK USMA Fellowship because it offered a unique opportunity to merge my passion and desire for serving and making a meaningful impact in patients’ lives. This program provides a well-rounded clinical and industry experience that has been impactful to my career. I have had the privilege of working alongside some of the most talented and dedicated professionals in the industry. The collaborative and innovative environment fostered here has allowed me to explore novel ideas and approaches and which have broadened my understanding, and contributed to advancing my technical and development skills.

The culture of knowledge-sharing is incredibly enriching. I have had the opportunity to contribute to cross functional projects, which have been both fulfilling and educational. This fellowship continuously provides me with the knowledge and skills needed to excel in Medical Affairs.

While working within the USMA Anti-Infectives portfolio, my team has provided me with a broad understanding of US Medical Affairs, specifically in strategy and operations, and I am grateful for the opportunity to be a part of this program and team.”

**Yokonha Alleyne**  
PharmD  
*Regulatory Advertising and  
Promotion Policy Manager, GSK  
GRA and Policy Fellow 2022-2024*

“The Howard University/GSK/FDA Regulatory Affairs & Policy Fellowship was an invaluable experience that profoundly shaped my career. The comprehensive training and hands-on opportunities provided by this program equipped me with the skills and insights necessary to excel in the field of regulatory affairs. Choosing the Howard fellowship program was one of the best decisions I’ve made; it not only prepared me for the challenges in the industry but also opened doors to incredible opportunities. Today, as a manager of Regulatory Advertising and Promotion Policy at GSK, I continually draw on the knowledge and relationships built during my fellowship. This program is not just a stepping stone, but a launchpad for aspiring regulatory professionals.”

**Komal Parekh**  
PharmD  
*2nd Year Global Regulatory  
Affairs and Policy Fellow*

“I chose the GSK/FDA/Howard University Fellowship in Global Regulatory Affairs & Policy because this unique two-year program is designed to provide a well-rounded learning experience to hone in on our skills in regulatory, policy, and academia all in one. This structural yet flexible fellowship program has allowed me to build off my foundational regulatory learnings, to specialize in the advertising and promotion space and further develop my skills to eventually excel in a career in the regulatory area. My time at GSK thus far has been nothing but amazing from all the support and guidance from preceptors, colleagues, and mentors!”

**Kafi Friday**  
PharmD  
*2nd Year Global Regulatory  
Affairs and Policy Fellow*

“I chose the Howard University Pharmaceutical Industry Fellowship program, in collaboration with GSK and FDA, because this program offers a unique and structured pathway to develop my regulatory expertise. My journey began at Howard University, where I deepened my understanding of legislative language and administrative law through rigorous law school courses. Currently, as a part of the Global Regulatory and Policy Intelligence (GRPI) team at GSK, I’ve been privileged to collaborate closely with top experts in the field on significant projects, allowing me to further develop crucial skills and build a strong community. The final rotation of this 2-year fellowship will take place at the FDA, providing me with direct experience of the regulatory processes at the federal level.

Guided by GSK’s unwavering commitment to innovation and integrity, I am confident that the comprehensive experience provided will significantly contribute to my ability to make impactful contributions to the field. This fellowship program is the perfect fit for anyone seeking to deepen their regulatory expertise in a dynamic and supportive environment.”

# A Word From Our Alumni & Second-Year Fellows

# Building the GSK of Today

Our innovation history dates back to **1715** with the Plough Court Pharmacy in London. Our current company, GSK, formed in 2000 with the merger of SmithKline Beecham plc and Glaxo Wellcome plc.

Our legacy includes **four winners** of the Nobel Prize in Medicine: Sir Henry Dale, Sir John Vane, Dr. George Hitchings, and Gertrude Elion.

Our discoveries have transformed medicine, with **15 first-in-class** or combination vaccines **and first-of-their-kind** medicines in respiratory, antibiotics, antivirals, and oncology.

Find out more at [History and heritage | GSK](#)

# Ahead Together

GSK was reborn in 2022 as a company focused solely on the development of new medicines and vaccines—one where we unite science, technology, and talent to get ahead of disease together.

# GSK at a Glance

## Who we are

We are a global biopharma company with a purpose to unite science, technology, and talent to get ahead of disease together.

We aim to positively impact the health of 2.5 billion individuals by 2031, with ambitious plans for growth and continuing to make GSK a company where everyone can thrive.

## What we do

We prevent and treat disease with vaccines and specialty medicines to prevent and treat disease.

We focus on science of the immune system and advanced technologies, investing in 4 core therapeutic areas (Infectious Diseases, HIV, Respiratory/Immunology and Oncology) to impact health at scale.

In 2023:

**£30.3bn**  
medicines and vaccine sales

**72** vaccines and medicines in development

**£6.2bn**  
R&D investment

**10** products exceeding 1bn sales

We operate responsibly for all our stakeholders by prioritising Innovation, Performance, and Trust.

## Our portfolio:

### Vaccines

Our broad vaccines portfolio targets infectious diseases at every stage of life, helping to protect people from meningitis, shingles, RSV, flu, polio and many more.

### Specialty Medicines

We continue to be global leaders in infectious diseases, respiratory and HIV medicines and have an emerging portfolio of cancer medicines.

### General Medicines

From antibiotics to inhaled medicines for asthma and COPD, we have over 150 general medicine products, many of them leaders in their class, making life better for millions of people worldwide.

# Our priorities

Everyone at GSK is focused on our three long-term priorities:

**Innovation** We believe the powerful combination of disruptive science and advanced data and platform technologies is transforming medical discovery, enabling us to find new ways to prevent and treat the most challenging diseases, better and faster.

**Performance** New upgraded growth commitments to 2026 and over £38bn in sales by 2031.

Our bold ambitions mean more GSK vaccines and medicines than ever before, including innovative new products, reaching people who need them.

**Trust** Delivering our strategy responsibly: always considering the social, environmental and governance impacts of everything we do from lab to patient.

We're taking action in six areas that matter most to us: access to medicines; global health and health security; diversity, equity, and inclusion; environment; product governance and ethical standards.

## In 2023:

**18**  
pipeline assets in phase III/registration

**6**  
major business development deals

**£30.3bn**  
medicines and vaccine sales

**2.3bn**  
packs of medicines and vaccine doses delivered

**1st**  
in the Access to Medicine Index

**1st**  
sector leaders of the S&P's Global Corporate Sustainability Assessment

# Our culture

We have over 70,000 people in more than 75 countries worldwide, and culture at GSK is something we all own.

**We are ambitious for patients** to deliver what matters better and faster.

**We are accountable for impact** with clear ownership and support to succeed.

**We do the right thing** with integrity and care because people count on us.

This powers our purpose, drives delivery of our strategy, and helps make GSK a place where people can thrive.

These are the foundations for how, together, we'll deliver more for our patients, shareholders, and GSK people.

# Why we do it

We aim to get ahead of disease together – to positively impact the health of 2.5 billion people by 2031.

# Diversity, Equity & Inclusion

GSK's approach to improve inclusion and diversity is focused on "Our People, Our Business and Our Communities." Driving representation within the company is one important part of this approach, and GSK is committed to ensuring its workforce reflects the communities it serves, and its leadership reflects its workforce. GSK strives to be a diverse, inclusive organization that attracts and retains outstanding talent, because this brings greater opportunity to create better health outcomes for the patients around the world who rely on our medicines and vaccines.

Our Employee Resource Groups (ERGs) run events, workshops, and initiatives where everyone is welcome to learn, contribute, and feel connected. The lead volunteers meet regularly with our Global Diversity Councils and GSK Leadership Team members to share ideas, priorities, and perspectives.

## Our ERGs include:

- AXIS Multi Faith Network
- Cancer Awareness & Resource Group for Employees (CARE)
- Career Growth Network
- Disability Confidence Network (DCN)
- Women's Leadership Initiative (WLI)
- Spectrum (LGBTQ+)

## Our ERGs specific to race and ethnicity are:

- Crece
- EMBRACE
- FUSION Asian Business Network
- Indigenous Peoples Association
- Mosaic

## GSK's Global Diversity Councils

We're supported by the great work our Global Ethnicity, Gender, LGBTQ+, and Disability Councils provide. Each council is chaired by members of the GSK Leadership Team and includes senior leaders from across the company as well as representatives from our ERGs.

# US Medical Diversity, Health Equity & Inclusion Roadmap

---

## People

- Equip Medical Affairs People Leaders to recruit, retain & develop diverse talent
  - Increase leadership accountability and DEI acumen
- 

## Business

- Clinical Trial Diversity: Support the identification of Clinical Trials Sites with Inclusive Research Practices
  - Have a DEI Operational Mindset to Medical Affairs activities (Diverse Ad boards, Congresses, EvGen)
- 

## Community

- Build sustainable and broader support for underrepresented communities in early STEM education
- Creating lasting changes in underrepresented communities through partnerships, mentorships, and career opportunities for underrepresented rising professionals in science and medicine

**Vera Glover**  
*Director,  
Specialty Medical  
Science Liaisons &  
DEI Champion*

“US Medical Affairs supports efforts to address healthcare disparities and social determinants of health to contribute to a society in which everyone diagnosed with the diseases that our medicines treat have an opportunity to attain their highest level of health.”

**Emma Walmsley**  
*CEO*

“GSK is a company where everyone can be themselves, and where diversity is embraced and celebrated. We each hold ourselves accountable for ensuring that respect and inclusivity are at the very heart of our culture as a company.”

# Howard University Partnership

Pharmacy instruction at Howard University began in the “Department” of Medicine in 1868. The initial course, held in the evening, offered students “knowledge of the art and science of pharmacy.” The College of Pharmacy has the distinct legacy of graduating the very first graduate student at Howard University in 1870, Dr. James Thompson Wormley. Since this early beginning, the College of Pharmacy has been among the leaders in the preparation of individuals for rewarding careers in pharmacy. The College of Pharmacy currently offers an entry-level four-year Doctor of Pharmacy (PharmD) degree program, a two-year post-BS PharmD degree program, a non-traditional PharmD degree program, and MS and PhD degrees in Pharmaceutical Sciences.

Consistent with the mission of Howard University, the College’s mission is to provide pharmaceutical education of excellent quality to students with high academic, scholarship, and leadership potential, with particular emphasis upon the recruitment, retention, and graduation of promising African American and other minority students.

Howard University College of Pharmacy strives to be a premier University in teaching, learning, research, leadership, and service locally and globally. The College fosters the creation of new knowledge through innovative research and scholarship, commitment to community service, continuous professional development, and dedication to superior pharmacy practice locally and globally. The College of Pharmacy has a cadre of dedicated faculty who are highly experienced in teaching, professional practice, and research.

**Earl Ettienne, BSc. Pharm, MBA, LP.D, RPh**  
*Fellowship Director and Assistant Dean  
Graduate Programs & Industrial Partnerships  
Co-Chair Medical IRB, Associate Professor  
Howard University College of Pharmacy*

“Established in 2012, the pioneering Howard University College of Pharmacy (HUCOP) Pharmaceutical Industry Fellowship Program places a special emphasis on individuals from diverse backgrounds with a proven track record of excellence, exceptional communication skills both written and oral, a receptive aptitude for mentorship, and an innate reservoir of leadership potential primed for C-suite consideration. Structured as immersive experiences spanning one to two years, our post-doctoral fellowships at HUCOP empower participants with hands-on-training. We provide coveted opportunities across academic, biopharmaceutical, clinical, corporate, and regulatory spheres, thereby nurturing solid groundwork essential for prosperous future careers.”

# Overview

Fellows have a unique opportunity to gain practical experience in the clinical setting and apply those learnings within Medical Affairs at GSK. Fellows gain practical training and experience to pursue a career in the pharmaceutical industry, academia, clinical practice, or with a contract research organization.

Fellows collaborate cross-functionally with US Senior Medical Affairs Leads, Scientific Directors, Trainers, and MSLs in support of the overall medicine plan. Fellows make impactful contributions to the business as they learn and develop professionally during their fellowship journey.

# Objectives

- **Gain** clinical proficiency within the assigned therapeutic area
- **Work** closely with US Medical Affairs leaders to execute tactics that support the overall medical strategy
- **Support** product life-cycle which may include launch preparations for new medicines, new data releases and/or new indications or label extensions
- **Conduct** strategic reviews of the medical literature and the competitive environment to identify data and educational gaps to enhance patient care
- **Gain** an understanding of the laws, regulations and policies required to ensure appropriate interactions with health care professionals
- May **participate** in medical content development and review and communication of scientific information for internal and field-based colleagues
- May **participate** in interactions with external experts and provide medical support for congress meetings
- **Collaborate** with Medical Matrix Teams (MMT) and with cross-functional teams which may include field medical liaison, global medical affairs, commercial, regulatory affairs, legal, health outcomes, clinical research, and global clinical safety and pharmacovigilance as they relate to the daily activities and special projects of US Medical Affairs

# Rotational Structure

## First 6 months at Howard University College of Pharmacy (or partnering clinic)

At Howard University College of Pharmacy, fellows will have the opportunity to:

- Gain knowledge and skills to practice pharmaceutical care.
- Develop research in the pharmaceutical sciences and the clinical sciences with an emphasis on innovation that advances minority health research and helps reduce or eliminate health disparities.

## Last 18 months at GSK

At GSK within US Medical Affairs, fellows will have the opportunity to:

- Understand the decision-making process that healthcare providers and payers follow for drug utilization.
- Contribute to the development and execution of US Medical Affairs plans and integrate the voice of the customer including providers, payers, and patients into a Medical Affairs strategy.
- Gain clinical knowledge and product expertise in a therapeutic area.
- In addition, there is an opportunity to gain 1-2 rotational experiences based on the Fellow's interest and business need, such as Clinical Development, Marketing, Health Outcomes, Medical Information, Global Clinical Safety, and Pharmacovigilance.

## Program Director

**Emmeline Igboekwe**  
PharmD, MS, RPh  
*US Medical Affairs Lead, Specialty*

## Preceptors

**Cindy Burman, PharmD**  
*US Medical Affairs Lead,  
Neisseria Vaccines Portfolio*

**Eleni Allen, PharmD, RPh**  
*Medical Director,  
Risk Mitigation Strategy, Oncology*

**Kathleen Montgomery**  
PharmD, MS  
*US Medical Director,  
Belantamab Mafodotin, Oncology*

**Kathleen Taylor, RPh**  
*Field-Based Medical Affairs  
Head, US Vaccines*

**Kendra Hughes, PharmD**  
*Director, Strategy & Value  
Communications - Anti-Infectives  
& Respiratory (AIR)/Vaccines  
Medical Accounts*

**Lauryn Klevorn, PhD**  
*Director, Specialty Field Medical  
Strategy and Operations*

**Meghan Luck, PharmD, BCPS**  
*US Medical Affairs Lead,  
Gepotidacin, Anti-Infectives Portfolio*

**Sejal Mistry, PharmD, MS HEOR**  
*Senior Medical Information  
Manager, Specialty*

## Second-Year USMA Fellows

**Dorothy Agyemang, PharmD, RPh**  
*University of Colorado Skaggs School of Pharmacy*

**Philip Mathew, PharmD, RPh**  
*University of Pittsburgh School of Pharmacy*

**Hadijat Bhadmus, PharmD, RPh, MBA, LPN**  
*University at Buffalo School of Pharmacy and Pharmaceutical Sciences*

**Deep Patel, PharmD, RPh**  
*Temple University School of Pharmacy*

**Rita Ogbonna, PharmD, RPh**  
*University of Maryland Eastern Shore School of Pharmacy*

## First-Year USMA Fellows

**Sochima Oriaku, PharmD**  
*University of Maryland Eastern Shore School of Pharmacy*

**Kiara Wilson, PharmD**  
*Chicago State University College of Pharmacy*

**Devene Prince, PharmD, RPh**  
*Howard University College of Pharmacy*

**Vivek Patel, PharmD, RPh, MS**  
*Nova Southeastern University College of Pharmacy*

**Ivy Kusi, PharmD, MBA**  
*Wilkes University Nesbitt School of Pharmacy*

**Josiah Moore, PharmD**  
*Mercer University College of Pharmacy*

**K Nididi Iheme, PharmD, MPH**  
*Howard University College of Pharmacy*

---

## Alumni Fellows - US Medical Affairs

Francesca Joseph, PharmD, RPh 2022-2024.

Letisha Braswell, PharmD. 2022-2024.

Olubukunola Onajin, PharmD. 2022-2024.

Glenn Lyons, PharmD, RPh 2022-2024.

# Overview

The Global Regulatory Affairs (GRA) and Policy Fellowship provides practical training and experience to help fellows gain expertise in regulatory requirements and strategy pertinent to drug development. Through a combination of academic, industry, and regulatory authority experience, fellows will develop an in-depth understanding of regulatory affairs and the drug development process. With the guidance and support of GSK mentors and experts, fellows will establish a strong foundation of experience and knowledge that can lead to a successful career within the pharmaceutical industry, Food and Drug Administration (FDA), or Contract Research Organizations (CROs).

## New in 2025

The GRA and Policy fellowship will offer a **new Labeling track** beginning with the 2025-2027 cycle.

# Objectives

- **Understand** the laws, regulations and policies that govern pharmaceutical product development.
- **Execute** tactics that support the overall regulatory strategy for GSK portfolio medicines and/or new indications or label extensions.
- **Collaborate** within cross-functional teams on daily activities and special projects of Global Regulatory Affairs (GRA),
- **Gain** experiential proficiency within the assigned track:
  - **Regulatory Advertising and Promotion Policy (RAPP):** Assist in content development and review of labeling and promotional materials
  - **Global Regulatory Policy and Intelligence (GRPI):** Conduct strategic reviews of the regulatory environment to identify trends in policy direction and potential impact to the business.
  - **Labeling:** Support the generation of competitive labeling strategies and compliant labeling content for development and marketed products.

# The rotation at a glance

**1<sup>st</sup> Rotation**  
Howard University  
(6 months)

Fellows will complete coursework and training through the *Howard University College of Pharmacy and School of Law* to gain exposure to academia, learn the scientific process for research design and methodology, and obtain professional certification in pharmaceutical regulations proficiency.

**2<sup>nd</sup> Rotation**  
GSK  
(18 months)

The first 6 months of the GSK rotation will run concurrently with the Howard rotation. Fellows will gain experience across a specialized regulatory discipline of *Global Regulatory Affairs - Regulatory Advertising and Promotion (RAPP), Global Regulatory Policy and Intelligence (GRPI), or Labeling* - and learn about the principles for drug development strategies, regulatory submissions and agency reviews and approvals.

**3<sup>rd</sup> Rotation**  
FDA  
(6 months)

Fellows will be assigned to one of two tracks in the *Office of Medical Policy* to receive hands-on training in FDA regulations and policy: *Patient Labeling*, where fellows will review and revise patient labeling documents for approval; *Regulatory Policy*, where fellows develop policy documents and evaluate and propose responses to public comments.

**Entire rotation is 24 months long**

## Program Director

**Brandy Proctor, MS**  
*Regulatory Policy Manager  
Global Regulatory Policy  
and Intelligence (GRPI)*

## GRA Early Talent Programs Lead

**Jonathan LaCalamita**  
*VP and Head  
US Regulatory Advertising and  
Promotion Policy*

## Preceptors

**Rob Berlin**  
*Head, US Regulatory Policy  
Global Regulatory Policy  
and Intelligence (GRPI)*

**Cheryl Jones**  
*Director, Regulatory  
Advertising and  
Promotional Policy (RAPP)*

**Brittany Galop, PharmD, MS**  
*BCPS Manager,  
Labeling Strategy & Development*

**Marcella Paglione,  
PharmD**  
*Director, Labeling  
Strategy & Development*

**Michelle Carfagno,  
PharmD**  
*Director, Labeling  
Strategy & Development*

**Shreya Parikh,  
PharmD**  
*Manager, Labeling  
Strategy & Development*

**Shanice Taylor**  
*Director, Regulatory  
Advertising & Promotion  
Policy (RAPP)*

## GRA and Policy Fellows

**Erica Brown, PharmD, MBA**  
*1st Year Fellow  
Howard University  
College of Pharmacy*

**Kafi Friday, PharmD**  
*2nd Year Fellow  
Campbell University  
College of Pharmacy*

**Komal Parekh, PharmD**  
*2nd Year Fellow  
Howard University  
College of Pharmacy*

---

## Fellowship Alumni - Global Regulatory Affairs and Policy

Adaobi Anyiwo, PharmD. 2018-2020.

Keisha Stubbs, PharmD. 2019-2021.

Seid Suleyman, PharmD. 2019-2021.

Maimun Alam, PharmD. 2020-2022.

Ashley Dike, PharmD. 2021-2023.

Yokonha Alleyne, PharmD. 2022-2024.

# Application Process

## Requirements for Eligibility

Fellows for the Howard University-GSK Pharmaceutical Industry Fellowship Program are selected on a nationally competitive basis. Candidates must have completed a Doctor of Pharmacy (PharmD) or Doctor of Philosophy (PhD) degree from an ACPE-accredited institution prior to commencement of the fellowship term.

## Available Positions

**US Medical Affairs** is recruiting three (3) positions:

- 1 fellow for Oncology
- 1 fellow for Anti-Infectives & Respiratory
- 1 fellow for Vaccines

Interviews for USMA will be conducted virtually through mid-December 2024 and candidates will be selected by end of December 2024.

**Global Regulatory Affairs and Policy** is recruiting two (2) positions for:

- 1 fellow for Global Regulatory Policy & Intelligence (GRPI)
- 1 fellow for Labeling

Interviews for **GRA and Policy Fellowship** will be conducted virtually through mid-December 2024 and candidates will be selected by end of December 2024.

## How to Apply

To apply, submit the following:

- A letter of interest
- Curriculum vitae (CV)
- 3 letters of recommendation
- Transcript of PharmD / PhD coursework
