

Universidade do Vale do Itajaí (UNIVALI)

Itajaí, Santa Catarina, Brazil

About the Site

Universidade do Vale do Itajaí (UNIVALI) is one of southern Brazil's leading universities and serves approximately 25,000 students across multiple campuses. Located in Santa Catarina, a region known for its high quality of life, innovation, and economic development, UNIVALI provides students with a unique opportunity to experience healthcare and pharmacy practice within Brazil's healthcare system.

The University's School Pharmacy serves as both a teaching facility and a community healthcare resource, creating a rich experiential learning environment.

Student Experience

Students participate in pharmaceutical compounding, medication dispensing, medication therapy management, patient consultations, blood pressure monitoring, glucose testing, and pharmaceutical care services.

The rotation emphasizes community engagement, preventive healthcare, and patient-centered pharmacy services while providing exposure to Brazil's healthcare delivery model.

Highlights

- University-based School Pharmacy experience
- Hands-on pharmaceutical compounding
- Medication Therapy Management (MTM)
- Community health and patient counseling
- Exposure to Brazil's healthcare system
